- **Intermediate:** Kali Linux

Data Base:

- **Advanced:** MongoDB, MYSQL
- **Intermediate:** Firebase

Languages:

- **Native:** Spanish.
- **Intermediate:** English

EXPERIENCE

Carvajal Tecnología y Servicios, Bogotá, Colombia - *Systems Engineer & Specialized Technician*

2022-CURRENTLY

- Performed preventive and corrective maintenance for computing equipment and printers.
- Managed inventory, network configurations, and error troubleshooting for end-users.
- Configured and updated hardware and software systems to optimize performance.

Fundación Alberto Merani Proyectos, Bogotá, Colombia - *Graphic Designer, Multimedia and Specialized Technician*

2025-2025

- Developed interactive courses for the Ministry of Education, focusing on the creation of digital educational content.
- Used tools such as Storyline 360 for designing learning modules and Vyond for producing animations.
- Implemented multimedia learning strategies to enhance the educational experience for users.
- Performed testing and adjustments on courses to ensure functionality and accessibility across various platforms.

Avista, Bogotá, Colombia - *Computer Maintenance Technician*

2019 - 2020

- Conducted preventive and corrective maintenance for computing equipment.
- Utilized tools like GLPI for task management and provided help desk support.
- Addressed hardware and software issues efficiently to minimize downtime.

EDUCATION

Universidad Central, Bogotá D.C, Colombia - *Systems engineer*

2020- 2024

Sena, Bogotá D.C, Colombia - *Technical Degree in Computer Maintenance*

2019- 2020

Tomas Cipriano de Mosquera, Bogotá D.C, Colombia - *elementary and high school*

2007 - 2017

In my educational journey, I have focused on developing a strong foundation in Systems Engineering at Universidad Central in Bogotá. This program has provided me with comprehensive knowledge and skills in various aspects of technology and software development.

I am particularly passionate about open-source content, a passion that extends beyond the classroom. I actively seek knowledge through a variety of channels, including free online courses on platforms like YouTube, as well as paid courses on platforms like Udemy and Platzi. This commitment to leveraging both free and paid resources reflects my dedication to continuous learning and staying abreast of the latest developments in the ever-evolving field of technology.
